

Working Towards Systemic Change: Understanding Social Determinants of Health

About This Course

In 4 virtual interactive sessions you will gain knowledge about trauma-informed principles and begin to reconceptualize current understandings of social determinants of health through experiential activities and discussions that promote introspective explorations of implicit bias, individual, and collective advocacy efforts. This course is specifically designed for people working with children and families. This course counts towards Infant and Early Childhood Mental Health Endorsement Competencies. CEU's available.

September 18, October 2, October 16, and October 30 from 9:30-11:30 AM EST

Cost: \$80

Meet your Instructor
